Re: New Information and Test Plan Revisions for Isophthalonitrile

Dear Mr. Hernandez:

In response to your February 21, 2006 letter and comments on Syngenta's original HPV Challenge Robust Summary and Test Plan for Isophthalonitrile, we are submitting additional information that includes test data and plans for additional testing,

Please review our responses and comment again. Once EPA accepts the test plans, we will forward a timetable for completion of the agreed-upon work.

Thanks for your help.

Sincerely,
